2 **create** 40.02 (17) (n), 40.02 (48) (am) 22., 40.02 (48) (c) 18. and 40.65 (4w) of the
3 statutes; **relating to:** classifying employes of the department of military affairs
4 who perform security functions at weapons facilities owned by the state as
5 protective occupation participants under the Wisconsin retirement system.

Analysis by the Legislative Reference Bureau

Under current law, participants under the Wisconsin retirement system (WRS) whose principal duties involve law enforcement or fire suppression or prevention and require frequent exposure to a high degree of danger or peril and a high degree of physical conditioning are classified as protective occupation participants. Current law specifically classifies police officers, fire fighters and various other individuals as protective occupation participants. Under the WRS, the normal retirement age of a protective occupation participant is lower than that of other participants and the percentage multiplier used to calculate retirement annuities is higher for protective occupation participants than for other participants.

This bill specifically classifies employes of the department of military affairs who perform security functions at weapons facilities owned by the state as protective occupation participants for the purposes of the WRS.

This bill will be referred to the joint survey committee on retirement systems for a detailed analysis, which will be printed as an appendix to the bill.
